

Remarks

The above amendments have been made in order to eliminate all multiple dependency and improper multiple dependency from the application before calculation of the application filing fee. Should any multiple dependency remain, and should any claims remain other than those set forth above, that is unintended, and the Patent and Trademark Office is requested to cancel any remaining claims and multiple dependent claims other than claims 23-44 above, before calculation of the application filing fee.

Examination of the application on its merits is awaited.

Respectfully Submitted,
